

## TECH RANCH HOLDS PITCH NIGHT AT INCUBATORCTX

On November 16, 2017, IncubatorCTX hosted Pitch Night and graduation for our first Venture Forth cohort in partnership with Tech Ranch. Venture Forth is an 8-week intensive boot camp for entrepreneurs and was taught in the Fall on the Concordia campus.

We were excited to feature a diverse group of entrepreneurs taking on some interesting challenges including affordable housing, network security, and veteran hiring. These are just a few examples of the impactful work that our entrepreneurs have been accomplishing.
